YOUR GIFT to Prairieland United Way improves lives throughout the community. To see your impact, all you have to do is look at the people around you. Your gift stays in Morgan, Cass, Scott and northern Greene counties and goes to work in our four focus areas. Through the Prairieland United Way office, agencies cooperatively develop programming in an effort to eliminate duplicate community efforts.

YOUR CONTRIBUTION

has a greater impact because it is magnified by the investment of others. Some partner agencies can have their United Way funds matched by a grant. On average, every United Way \$1 turns into a \$3 community investment. Donations are collected annually from corporate foundations, employee groups and individuals. Our fund raising goal for 2023-24 is **\$467,000**.
